

What does it mean today to migrate to Frankfurt, to arrive, to live and to work here? What experiences do people make in their everyday lives, with authorities, at work or in search of it? What structural mechanisms of exclusion exist and how do people fight to create spaces for themselves? In which places does migration happen? Mixtape Migration explores these questions on a virtual city tour through Frankfurt am Main, designed by and with Frankfurt residents who have migrated here.

Stadt rundgang zu migrantischen Leben und Arbeit in Frankfurt am Main im Stadtteil? Mixtape Migration geht diesen Fragen auf einem virtuellen Rundgang ein. Was bedeuten diese Erfahrungen für Menschen in ihrem Alltag, in Bevölkeren, bei der Arbeit oder auf der Suche danach? Welche strukturellen und sozialen Mechanismen gibt es und welche Handlungsspielräume erklärt? An welchen Orten manifestiert sich Migration?
